The National Main Street Program was developed in the 1970s through the National Trust for Historic Preservation. It was designed as a "grass roots" program, focusing on commercial district revitalization in both urban and rural downtown districts.

The program utilizes an innovative methodology of historic preservation, combined with economic development. The Leavenworth Main Street Program, Inc.® is part of this nationwide network.

Now in its sixteenth year, Leavenworth Main Street Program, Inc.® is dedicated to keeping downtown Leavenworth economically healthy through historic preservation and revitalization. Main Street member businesses take an active role in keeping our historic downtown viable and attractive. Working together on our many downtown activities, Main Street members form a strong, vital support network.

The Program is volunteer driven and depends upon the hard work and participation of a strong volunteer base. Leavenworth Main Street Program volunteers include downtown merchants and property owners, partnering organizations and groups, civic leaders, concerned citizens and a variety of other interested individuals.

For more information about member services and programs or to explore volunteer opportunities, please call or e-mail us.
