UNIVERSITY of SAINT MARY	**Health Information Management Program**

Degree Check for JCCC Medical Coding Specialist Certificate Graduates

Students must have graduated with an AA + Medical Coding Specialist Certificate within three years of applying to the USM HIM program
Students must have passed a coding certification examination (CCA, CPC, or CPC-H)
*The Italicized courses are JCCC courses that **may** be substituted for USM courses*
Please contact the MIRM department at JCCC for full details on the AA requirements.

The University of Saint Mary requires all transfer students with between 46-75 credit hours take three Idea Seminars and one course in Cultural Studies. Specific General Education courses may count towards these requirements so it is important that the student meet with her/his USM advisor as soon as possible to ensure that additional coursework is not required for graduation.
