Faculty and Staff Resources

USM provides opportunities for professional development in content areas, pedagogical skills, and technology-related skills.

ARC Survey of Tutoring Needs

Program chairs are surveyed each semester about learning supports for specific courses and ARC tutoring services are tailored to these needs.

Technology Work Orders

Technology support personnel are designated to provide assistance upon request, including the learning management system.

Library Requests

Library support personnel are designated to retrieve and purchase materials upon request from faculty.

Professional Development Requests

Faculty request support for professional development from the VPAA's annual budget.

Program Development Awards

Faculty and departments receive financial awards to meet student and programmatic needs in creative ways.

Brown Bag Lunches

Faculty and staff conduct mini-lectures or workshops regarding innovative teaching, pedagogy, assessment, technology, or employee issues.
