

FOOTPRINTS UPDATES

September
2009

To Sherri,

We hope everything is going well at University of Saint Mary.
Summer is at an end and the autumn is here. Time flew by quickly, didn't it?

Our team had an exciting past few months placing new graduates as ESL teachers overseas. Our final numbers for August were 340 college graduates placed into teaching jobs.

If your graduates have a strong passion for travel and experiencing other cultures, teaching overseas is an amazing opportunity for them, just remind them that we have already started to collect resumes for the February public school positions.

We really appreciate you sharing our positions with your graduates and letting them know that we have great teaching opportunities in South Korea, China and Taiwan.
Thank you again for your support, and have an excellent month!
