

## Resident Accident Insurance

The University of Saint Mary requires accident insurance coverage on all Resident students. This insurance pays supplemental to any hospital insurance you may have on your student or primary if you have no insurance. Coverage is from August 1, 2009 to July 31, 2010. The cost of the insurance is \$90.00 per year. The insurance is required if you do not have outside coverage.

**If you have insurance coverage under another policy and do not wish to maintain this insurance, please complete and sign the waiver below and return to the Student Life Office no later than August 20, 2009 or you will be billed for coverage. Please provide proof of insurance with waiver.**
